

Home Learning

We believe that children's learning should extend beyond the classroom.

Our Home Learning aims to:

- consolidate, reinforce and extend skills and understanding
- provide opportunities for parents and children to work together
- allow parents to gain an understanding of what children are learning in school
- allow children to progress towards becoming more independent learners.

How much time should be spent on Home Learning?

Nursery	Reading book to share and reading record sent home daily Child initiated areas of interest – talk task
Reception	Reading book and reading record sent home daily Child initiated areas of interest and whole school discussion topics as appropriate Talk task
Year 1	Reading book and reading record sent home daily Words will be sent home to learn with reading when appropriate Talk Task To practice number bonds on a weekly basis
Year 2	Reading book and reading record sent home daily. Spellings will be sent home weekly To practice number bonds on a weekly basis To practice times tables on a weekly basis to support work in class – 2 x, 5 x and 10 times tables
Year 3, 4 & 5	Reading book and reading record sent home daily A list of spellings will be sent home weekly Continue to practice times tables on a weekly basis to support work in class Talk Task Occasional, additional homework as appropriate to daily learning
