

Within this leaflet you will be able to find out about the learning adventure that your child will be going on this half term.

At London Colney, we strive to deliver a personalised, creative and enriched curriculum for your child, whereby they can develop and master a wide range of skills.

We endeavour to provide opportunities for your child to learn in a way that is engaging, purposeful and fun!

We hope your child experiences this on their learning journey this half term and if you have any questions, don't hesitate to ask.

Values / SMSC

We will be using Jigsaw to support with our personal, social, health and emotion Development. This half term we are focusing on our 'dreams and goals' for the future.

This half term we are going to be continuing to explore how having a growth mindset helps us learn!

We will continue to think about our values during assemblies.

Year 3-6 Matilda the Musical
- **Fri 1st April 2022 8:45 am - 1:30 pm**
End of Term – Finish at 1.30pm

London Colney Primary and Nursery School

Year 6
Francesca Sanna
Learning Adventure

**What would I find
in a coastal
town?**

English

Within our English lessons, we will be using the text 'The London Eye Mystery' by Siobhan Dowd our focus text. We will be developing our inference skills to think about character and plot. We will be writing a range of descriptions, developing our use of vocabulary, punctuation and sentence structures. We will also be working on our audience awareness.

Learning Adventure

This half term, we will be continuing to learn about 'What would I find in a coastal town?'

We will begin our topic by identifying and naming coasts and coastal towns in the UK. We will also explore the human and physical geography of coasts and learn about coast erosion and how to prevent it.

Computing

We will be exploring how to be safe online.

Maths

We will start our half term in maths by broadening our knowledge of fractions.

We will then move onto exploring decimals and percentages.

With all our work, we will constantly be looking to reason and problem solve.

Science

In our science work we will be exploring Evolution and Inheritance. We will learn to recognise that things have change over time and that fossils provide information about living things and inhabited the Earth millions of years ago.

We will recognise that living things produce offspring of the same kind, but normally offspring vary and are not identical to their parents.

Religious Education

We will be using Hertfordshire's Locally Agreed Syllabus for Religious Education to learn about aspects of Christianity, Islam and Sikhism.

Physical Education

We will continue to have two weekly PE lessons this half term on Wednesday afternoon, Thursday morning and Friday afternoon.
