

Learning Adventure

Our first Geography unit, 'Our Local Area', explores the enquiry question 'What is our local area like?' Pupils will investigate local landmarks, jobs, people and the natural environment. They will develop their map skills, learn to describe key features of places and make comparisons with areas nearby. This unit supports the National Curriculum by developing pupils' understanding of places, human and physical geography, and geographical skills.

Science

Our first Science unit, 'Everyday Materials', will explore a range of materials, their properties and their everyday uses. Pupils will carry out investigations to explore which materials are translucent and waterproof, developing their scientific enquiry and observation skills along the way.

Values / SMSC

This half term, our focus will be 'Being Me in My World'. We will explore what makes us feel happy, safe and valued, while celebrating what makes each of us individual and unique.

Key Events this Half Term

Computing

We will begin an introduction to our computing scheme Purple Mash.

English

Within our English lessons, we will be using 'Jasper's Beanstalk' as a whole key-stage engagement text.

We will be focussing on writing full sentences and making lists.

Maths

In maths this half term, we will be developing our understanding of numbers to 10. We will also begin some simple addition and subtraction problems.

Religious Education

Theme: Human Rights Values

Key Question: What do Christians believe about God?

Religion: Christianity

Physical Education

We will be developing our team building skills through various sports games and activities.

We will also be exploring Dance through the theme of 'Growing'. We will create our own dances, following beats and adapting dance moves.
