

Learning Adventure

This half term, we will be exploring climate change. Children will learn that climate refers to the average weather in a particular place over a long period. They will also discover the five different types of climates and how climate change impacts the various types of land we use.

Values / SMSC

We will be using Jigsaw to support with our personal, social, health and emotion Development. This half term we are focusing on our 'dreams and goals' for the future.

This half term we are going to be continuing to explore how having a growth mindset helps us learn! We will continue to think about our values during assemblies.

English

This half term, our entire school went on a trip to Knebworth House. Year 6 will be writing a detailed recount of that trip.

Maths

This half term, students will be preparing for their SATs by revising all the topics they have learned. They will be concentrating particularly on arithmetic and problem-solving.

Science

This half term, our focus will continue to focus on 'Evolution and Inheritance'. Children will have to recognise that living things have changed over time and that fossils provide information about living things that inhabited the Earth millions of years ago and that living things produce offspring of the same kind, but normally offspring vary and are not identical to their parents. Moreover, identify how animals and plants are adapted to suit their environment in different ways and that adaptation may lead to evolution.

Music

Unit title: You've got a friend. Children will develop their ability to sing beyond an octave range, use percussion instruments to play repeated rhythms and
