History Focus: The Romans  Children to explore and investigate the roman empire and its impact on Britain. Children to learn about Julius Caesar and his attempts to invade and conquer Britain. Children to explore the roman army and their effectiveness in conquering. Children to investigate the British resistance including the role of Boudicca.  What caused the decline of Roman rule in Britain?		Geography Focus:  Amazon: Rivers and rainforests  This unit meets the National Curriculum requirement of studying the continent South America then exploring the Amazon, developing pupils' wider understanding of Planet Earth and its human and physical geography. Pupils also build on their knowledge of the water cycle from Year 3.  Children to know South America is a diverse continent which is made up of 12 independent countries and 1 territory. There are various religions, languages, and currencies across South America. Children to explore how different industries export different products to different countries around the world.  I know that Tropical rainforests are located along the Equator and have hot temperatures and high	History Focus: Roman Britain  Children to understand how archaeologists use artefacts and human remains to find out about who lived in Roman Britain. To understand the changes in settlement and infrastructure brought by the Romans and to learn to use archaeological sites to find out about Roman Britain.  Children to recognise the importance of trade in linking the Roman Empire to the rest of the world. To learn about some Roman beliefs and how they changed  To identify ways in which the Romans influenced our world today.	History Focus: anti-racist curriculum  What is the Windrush generation? Children will learn that HMT Empire Windrush became a symbol of a wider mass-migration movement and that people in the Caribbean were invited to the UK to help rebuild post-war Britain. Children will discover that several hundred passengers were Jamaican, but others arrived from islands including Trinidad, St Lucia, Grenada and Barbados. Children will understand that these travellers - and those on other ships which came to the UK until 1971 - became known as the Windrush generation.	History Focus: The Maya Children to learn about a non-European society that provides contrast with British history through the context of the Mayans. Children to explore culture, art, religion and societies. Children to identify when and where the Ancient Maya lived and  to use 'ruins' to find out about cities. To understand how historians use sources to find out about Ancient Maya beliefs and to identify the importance of improvements in farming to increase food availability and wealth for Maya people. To know that we know about Ancient Maya writing, numbers, and the calendars from	The USA  This unit is another example of the National Curriculum being met through the exploration of North America then the closer, in-depth study of the USA. This unit continues to support and grow pupils' knowledge of our planet and the human and physical geography within it.  Children to understand that The USA is a diverse country in the continent of North America. The USA has 50 states and four main climate zones.  The USA is a diverse country, made up of different states with different population sizes in each.  The USA is a large country with varied physical characteristics, such as mountains, rivers, lakes, and deserts.
Science Focus: Sound Children to identify how sounds are made, associating some of them with something that is vibrating. Children to recognise that sounds travel through a medium to the ear. Children to investigate the correlation between pitch, volume and the medium that produces it.		amounts of rainfall all year round. Children to understandThe Amazon Rainforest is the largest tropical rainforest in the world and contains a diverse range of trees, plants, and animals.  Science Focus:  Living Things and Their Environments  Children to recognise that living things can be grouped in various ways. Children to explore and use classification keys to help group, identify and name a variety of living things in their local and wider environment. Children to recognise that sometimes environments change and that this may pose danger for animals.  Science Focus:		The children will also explore the text 'Coming To England' by Floella Benjamin.  Science Focus: Electricity Children to identify common appliances that run on electricity. Children to construct a simple series electrical circuit, identifying and naming its key components. Children to investigate how a circuit works with regards to a loop and switch. Children to identify conductors and insulators.	Science Focus: States of Matter Children to compare and group together materials based on whether they are solids, liquids or gases. Children to observe that some materials will change state when heated or cooled and measure / research the temperature when this happens. Children to investigate the role of condensation and	Science Focus: Teeth and Digestion Children to identify the different types of teeth in humans and their simple functions. Children will explore the simple functions of the basic parts of the digestive system in humans.
					evaporation in the water cycle.
