26th April 2024

Dear Year 5 & 6 Parents and Carers

RE: First Aid Training – Friday 7th June 2024

We have been offered the opportunity to participate in the school's first aid programme, this is RSE curriculum aligned and meets the Department of Education requirements. The sessions are fun but informative with the aim being to increase confidence in First Aid so the children understand how to act in an emergency.

The training session, will be held during the school day and involves a specialist first aid trainer coming into school to deliver a hands on practical session to the children, during which they will learn the following skills:

- What to do in an emergency and when to call 999
- Recovery position
- CPR & Resuscitation
- Choking
- Anaphylaxis

Children will get a chance to practise on a manikin and an AAI training device in pairs or small groups. Feedback from previous sessions have been very positive and we feel this would be a very beneficial session for the children to participate in.

There is a cost involved and we are asking for a contribution of £4.00 per child, which we would be grateful if you could pay via the School Gateway. As always, any questions please ask us.

Yours faithfully

Sarah Joyce
